Where the Dairy Industry Meets

Glyn
LUCAS

On behalf of our entire team, it gives me enormous pleasure to welcome you to UK Dairy Expo.

What began as an ambitious vision, has grown into the UK's largest exhibition of dairy cattle, and each year I am immensely proud to see our industry come together in such strength and spirit. This event represents the very best of British dairy farming; bringing together exceptional cattle, leading businesses, dedicated professionals and the next generation of dairy enthusiasts under one roof.

Our show now proudly features outstanding examples of Holstein, Jersey, Brown Swiss, Red & White, British Friesian, Ayrshire and Milking Shorthorn cattle. The quality on display is a testament to the relentless dedication, expertise and passion of our exhibitors. The preparation of these magnificent animals demands extraordinary commitment, attention to detail and an exceptional standard of animal husbandry. The skill involved in developing and presenting cattle at this level is truly remarkable, and we are honoured to provide a platform that celebrates in this excellence.

UK Dairy Expo is not only a showcase of elite cattle, but also a hub for knowledge, innovation and progress. I encourage every visitor to make the most of the opportunities available today; to engage, to ask questions, to explore new ideas and to strengthen existing relationships. Events like this are where connections are forged, partnerships are built and the future of our industry is shaped. Whether you are a farmer, breeder, student, supplier or industry professional, I hope you leave inspired and better informed.

Our sincere thanks go to our Mainline Sponsors, National Sponsors and Class Sponsors. Their continued support and belief in UK Dairy Expo are fundamental to the success and growth of this event. Their investment not only enables us to stage a show of this scale and quality, but also demonstrates their commitment to the strength and future of the dairy sector. We are extremely grateful for their partnership.

I would also like to extend heartfelt thanks to our trade stand exhibitors. The trade area is a vital part of Expo, showcasing the very latest innovations in genetics, nutrition, animal health, technology, machinery and business services. Visitors have a unique opportunity to see new products first-hand, discuss practical solutions with experts and gain valuable insights that can be taken back to their own businesses. Your presence enriches the event and strengthens its value to every attendee.

To our dairy cattle exhibitors, thank you. The hours of work, early mornings, meticulous preparation and unwavering dedication that go into presenting cattle at this level do not go unnoticed. The standard of livestock we see here each year continues to rise, and it is your commitment to excellence that ensures UK Dairy Expo remains a premier showcase for the very best in dairy breeding.

Finally, I want to express my deepest gratitude to the incredible team behind UK Dairy Expo. Delivering an event of this scale requires months of planning and an enormous collective effort. In particular, I would like to recognise our outstanding yard team, whose expertise and tireless work in the build-up, during the show, and throughout the clean-up process are absolutely vital. Their professionalism, practical skill and willingness to go the extra mile ensures that everything runs smoothly and safely for exhibitors, trade stands and visitors alike.

UK Dairy Expo is built on collaboration, commitment and community. Thank you for being part of it. I hope you enjoy the show, take pride in what our industry achieves, and make the most of every opportunity the day presents.

Thanks for milking...

JUDGES

HOLSTEIN, BROWN SWISS & DAIRY SHORTHORN

Steve Fraser farms with his wife Jacqueline and daughter Scarlett just outside Fergus, Ontario, where they operate Fraeland Farms Ltd, a purebred Holstein operation milking 100 cows on two robots and cropping 500 acres. He also serves on the Board of Directors for Semex.

Fraeland Farms is a Master Breeder herd, with a strong focus on breeding and marketing value added cattle. Notable animals bred and marketed by Steve and Jackie include Fraeland Chief Liberty (All Canadian & All American 2021) and Fraeland Doorman Bonnie (two-time All American nominee).

The Fraeland prefix is also well recognised in the show ring, with highlights such as Premier Breeder titles at the Ontario Spring and Summer Shows, and exhibiting the 2022 All American Senior Group of Three and Produce of Dam.

Steve has judged extensively across Canada, the United States, Australia and Portugal. His previous assignments include the Brown Swiss Show at IDW, the TD Classic 4-H Show at the Royal Winter Fair, and Senior Showmanship at World Dairy Expo. In 2025, Steve judged the National Red & White Show at the Royal Winter Fair.

BRITISH FRIESIAN

Sally Howarth is based near Pickering in North Yorkshire, where she farms organically with her partner and their two children, Oscar and Ronnie. The family runs 500 late summer and autumn-calving pedigree British Friesian cows, alongside a small number of Holsteins under the Leasbeck prefix.

Sally has enjoyed judging at both national and local level, with previous judging engagements including the All Britain All-Breeds Calf Show and a number of local shows. She is looking forward to judging the National Friesian Show at Borderway in March.

Sally said she will be looking for “a well-balanced, stylish animal that is suited to all modern dairy farming systems.”

JERSEY, AYRSHIRE & RED & WHITE

Adam Hodgins, from Kincardine, Ontario, Canada, manages Hodglyn Holsteins with his wife Jess and their five children. Their 350-acre farm houses 60 milking Holsteins, focusing on breeding for high type and production, and collaborates with leading cow families in the industry. Hodgins has been successful with many All-Canadian and All-American nominees, such as Blondin Unstopabull Maple and Hilrose Moovin Adelina. He mentors local youth through 4-H groups and advocates for the dairy industry and the showing.

Adam judged the International Red & White show at World Dairy Expo in 2025 and was an associate at the Quebec Supreme Show in 2023 and the International Red & White Show at the World Dairy Expo in 2011 & 2024.
